Raising Successful Teens in 2010: Navigating Through Peer Pressure

Tuesday, September 7, 5:30pm
Cheek-Powell Heart and Vascular Pavilion,
Meeting Rooms A & B
Greg H. Savel, MD, Pediatrician

Tuesday, September 21, 5:30pm
Mease Countryside Hospital, Meeting Rooms 1-4
Karen A. Kelly, MD, Pediatrician

Parenting teens is different than parenting children who are in any other stage. Become an informed parent and find out about drug and alcohol abuse and its medical implications, and what factors can contribute to a teen using drugs or alcohol. You'll also learn tips on how to communicate with your child about their teen experience. Light refreshments will be served.

Weight Loss Surgery Information Sessions

Have you been unsuccessful at diet and exercise programs, and do you have obesity-related health conditions such as diabetes, high blood pressure, osteoarthritis, sleep apnea or GERD? Learn about weight loss surgery, including gastric bypass and LAP-BAND®.

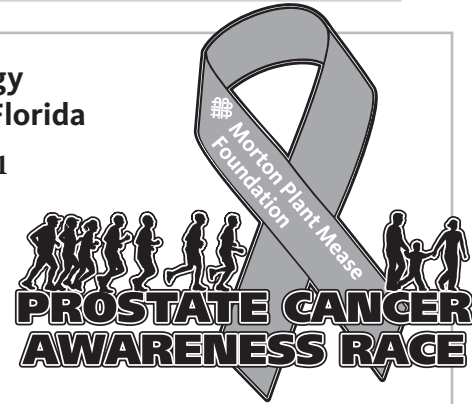

Wednesday, September 8, 6pm
Mease Dunedin Hospital, Meeting Room 3
John Paul Gonzalvo, DO, General Surgeon

Wednesday, September 15, 12:30pm
Bardmoor Medical Arts Building, Conference Center,
Room 120
Richard Gordon, MD, General Surgeon

Wednesday, September 22, 6pm
Morton Plant Mease Outpatient Center, Conference Room
Theodore Small, MD, General Surgeon

Presented by Urology Specialists of West Florida

Saturday, September 11
7:30am - 5K
9am - Kids Dash
Morton Plant Hospital
455 Pinellas St.
Clearwater, FL 33756

Join us for the inaugural 5K family-friendly run/walk to benefit the prostate cancer programs of Morton Plant Mease. Proceeds from the race will be used to provide community screenings, education and counseling services.

To register, please visit Active.com (search for Morton Plant Mease). For more information, call (727) 825-1521.

Latest Advances in the Treatment of Prostate Cancer and Enlarged Prostate

Friday, September 10, Noon
Ptak Orthopaedic and Neuroscience Pavilion,
Conference Center, Room 114
Scott M. Klavans, MD, Urologist

Friday, September 10, Noon
Mease Countryside Hospital, Meeting Rooms 1-5
Martin B. Richman, MD, Urologist

Learn about the latest treatments for enlarged prostate. You'll also find out how robotic technology is improving prostatectomies by reducing incision size and pain, lowering the incidence of impotence and urinary incontinence, and shortening recovery time. A light lunch will be served.

Free Prostate Cancer Screening

Friday, September 10, 1-4pm
Ptak Orthopaedic and Neuroscience Pavilion, Suite 206

Friday, September 10, 1-4pm
Mease Countryside Medical Arts Building, Suite 300

Free screening will include educational information, digital rectal exam (DRE) and prostate-specific antigen (PSA) blood test.

Latest Advances in Benign Prostatic Hyperplasia (BPH) Treatments

Tuesday, September 14, Noon
Mease Countryside Hospital, Meeting Rooms 4 & 5
Paul Arnold, MD, Urologist

Benign prostatic hyperplasia is an enlarged prostate gland. Join us for an overview of the anatomy and details of BPH such as symptoms, diagnosis, treatment options (including the GreenLight Laser Treatment), as well as information on outcomes. A light lunch will be served.

What You Need to Know About Prostate Cancer

Tuesday, September 14, 1:30pm
Morton Plant North Bay Hospital,
Bekesh Education and Conference Center
Richard Rabinowitz, MD, Urologist

Second only to skin cancer, prostate cancer is the most common type of cancer among men in the United States. Join us for an interactive discussion regarding the symptoms, diagnosis and treatment of prostate cancer. Light refreshments will be served.

A Woman's Perspective on Prostate Cancer

Thursday, September 23, Noon
Morton Plant North Bay Hospital,
Bekesh Education and Conference Center
Rosemary Giuliano, ARNP

Prostate cancer transforms the lives of the afflicted men as well as those who support them. Join us for an interactive discussion regarding the possible physical and emotional aspects of prostate cancer from both the patient and caregiver's perspective. A light lunch will be served.

Listen to This Before Buying Hearing Aids

Thursday, September 23, 2pm
Ptak Orthopaedic and Neuroscience Pavilion,
Conference Center, Room 114
Alan C. Sutherland, AuD, Audiologist

Find out what you should do when seeking help for hearing problems, what is involved in hearing testing and how hearing aids may help you. Free hearing screenings will be offered following the lecture.

Digestive Disorders: A Total Look at the Inside Story

Thursday, September 23, 6pm
Morton Plant Mease Outpatient Center
Eric Steckler, MD, Gastroenterologist

This lecture will provide information about the various gastrointestinal upsets, changes and disorders that can affect one's health. Dr. Steckler will address the common conditions, symptoms and effective treatment options. Light refreshments will be served.
