

Arthritis of the Shoulder, Knee and Hip

Thursday, July 1, 4pm

Morton Plant North Bay Hospital, Bekesh Education and Conference Center

Jared Salinsky, DO, Orthopedic Surgeon

Learn about the symptoms and causes of arthritis. You'll also find out about the latest treatments available for arthritis, including nonsurgical and surgical options. Refreshments will be served.

Latest Advances in the Treatment of Hip Pain

Thursday, July 8, Noon

Morton Plant North Bay Hospital, Bekesh Education and Conference Center

Jennifer Swaringen, MD, Orthopedic Surgeon

Learn about the latest treatments for hip pain using arthroscopy. This lecture will cover topics including causes of hip pain, diagnostic tests used in patients with hip pain and what makes a person a good candidate for arthroscopic hip surgery. The benefits of hip arthroscopy will be discussed, including pain relief associated with this minimally invasive outpatient surgery. A light lunch will be served.

Life After Cancer: A Survivor's Guide to Dealing With the Emotional and Physical Aspects of Fighting Cancer

Thursday, July 15, Noon

Morton Plant North Bay Hospital, Bekesh Education and Conference Center

Rosemary Giuliano, ARNP

Cancer survivors face numerous physical, psychological, social, spiritual and financial issues at diagnosis, during treatment and post-treatment. This lecture will explore the impact of a cancer diagnosis and focus on improving the quality of life for cancer survivors. A light lunch will be served.
